

SCORPION IS THE SOLUTION FOR BUILDINGS WITH HARD-TO-ACCESS DETECTORS

Scorpion makes testing hard-to-access areas such as lift shafts, warehouses, and secure areas as simple as testing detectors within easy reach!

Suitable for both Point and Aspirating Smoke Detection (ASD) systems.

» **COMPLIANT**
Ensures all detectors can be tested as required by standards.

» **SIMPLE**
Easily test detectors in sensitive or inaccessible areas.

» **COST EFFECTIVE**
No need for additional access equipment or third-party personnel.
